

Station Manager – Auvergne

www.annabrownrecruitment.com

CAIT is part of a rapidly developing international agribusiness group with properties in Australia, Vietnam and Russia. CAIT owns 3 cattle properties in the NT and WA and is focused on building a productive and profitable cattle business with links to farming in the region. CAIT is looking for a progressive Manager to run Auvergne, a 32,000-head breeding business over 4,000 square km in the Victoria River District.

Main responsibilities / Deliverables

- Manage a total herd of more than 32,000 cattle, and station assets
- Recruit, manage, train, and retain staff
- Conduct seasonal mustering activities
- Work with local government on related issues
- Implement strategic and operational plans as instructed by Board of Management
- Manage business relation and cooperation with other stakeholders.

The successful applicant should be experienced in all facets of the Northern Pastoral Industry and possess the following attributes:

- Proven capacity to manage an efficient and profitable large-scale breeding business in north Australia
- Experience and proven capacity to improve herd productivity and herd efficiency
- Capacity to implement a large-scale capital development program
- Excellent cattle husbandry skills
- Very good time management and communication skills
- The ability to train, lead and efficiently manage staff
- Proven capacity to manage budgets and deliver results within budget
- Strong computing and livestock record keeping skills
- Strong focus on work health safety and animal welfare

This position would suit a person or a couple who have solid cattle industry and management experience, who enjoy working with people and wish to cultivate their experience by working on one of CAITS progressive beef properties.

Attractive salary packages and conditions are on offer.
