

NRM Project Officer (Weed and Pest Management)

Mount Isa or within the SGNRM Region, Queensland

Southern Gulf NRM is a not-for-profit community-based company responsible for planning and implementation of sustainable Natural Resource Management (NRM) in the southern Gulf of Carpentaria region of North West Queensland.

The four goals of our regional NRM plan are: Building Strong NRM Communities; Growing Regional Prosperity; Securing Landscape Resilience; Sustaining our Natural and Cultural Environment.

We are seeking an energetic and versatile NRM Project Officer to join our team and lead the development and delivery of natural resource management projects. Your work will involve extensive travel in the stunning outback landscapes of the region.

The successful applicant will have professional qualifications and/or substantial equivalent experience in agriculture or environmental science. They will be able to demonstrate a sound knowledge of the principles of natural resource management and will have expertise in one or more NRM-related technical disciplines relevant to the Southern Gulf region. Project development and management, extension and engagement skills, and networking and partnership development are also very important attributes for success in the role.

This is a challenging and rewarding role for someone committed to a sustainable future for the grazing industry and communities of our region.

For a copy of the Position Description, please contact Southern Gulf NRM on admin@southerngulf.com.au. If you have any enquiries, please call Geoff Penton on 07 4743 1888.

To apply for the role, please email your Resume and a covering letter of up to three pages outlining how you satisfy the key selection criteria, to admin@southerngulf.com.au.

The closing date for applications is 9.00am, Monday 16th November 2020.
