

Feedlot Manager

Stanbroke is an Australian family owned integrated beef and cattle company. Operating 8 cattle stations in Northern Queensland, extensive backgrounding properties, a 30,000 head feedlot operation in Southern Queensland and a fully accredited beef processing facility in the Lockyer Valley. Due to continued growth within the Feedlot operation, Stanbroke are seeking a **Feedlot Manager** to join their team.

Based in Chinchilla on the Western Darling Downs, and reporting to the General Manager - **Feedlot, this position will be responsible for;**

- The management of feedlot.
- Assisting the General Manager - Feedlot in planning and implementing strategic objectives of the business.
- Development and refinement of operative processes to maximise operational efficiencies and overall feedlot performance.
- Delivering reporting requirements on a weekly, monthly and quarterly basis.
- Meeting the feedlot operational expenditure budget targets.
- Maintaining relevant business compliance requirements.
- Managing a team of 50+ personnel, ensuring effective and efficient labour management is maintained.

Key attributes required;

- Demonstratable experience in feedlot management.
- A clear understanding and demonstratable management experience of animal welfare practices, quality assurance and workplace health & safety in a feedlot environment.
- An ability to plan and budget operational expenditure.
- Excellent communication skills and time management capabilities.
- A sound understanding and working knowledge of livestock, nutrition and supply chains.

Remuneration will be commensurate to experience in addition, family accommodation will be provided.

If you are interested in your next career opportunity, Stanbroke would like to hear from you! Applications can be made via email to Jess Lott, HR Manager - Properties & Feedlot, jessl@stanbroke.com

Please include a cover letter outlining specific experience in relation to the above mentioned items.
