

Detailed Saleyard Report - Cattle
 Market information provided by MLA's National Livestock Reporting Service

Wagga

report date 30/11/2020

 Yarding 2921
 Change 191

comparison date 23/11/2020

There was an increase in cattle numbers to 2,921 which was a lift of 191 head. A similar number of trade weight cattle was offered and there was again some interest from feeders and restockers throughout the market for the better quality covered steers and heifers over 400kg. The regular export and domestic buyers were present and operated in a weaker market from 10c to 20c/kg for most categories. However some of the lighter young cattle sold to strong demand in places with most selling from 466c to 595c/kg.

Yearling steers to the trade made from 348c to 437c and the heifer yearlings sold from 340c to 444c/kg. The yearling steers and heifers with cover going to feed and back to the paddock mostly sold from 340c to 466c as they averaged from 420c to 440c/kg. The grown steers of C3 and C4 scores made from 318c to 376c to ease by 10c to 20c/kg. Heavy heifers were again well supplied with the C3 scores making from 310c to 365c/kg. Manufacturing steers sold from 280c to 340c/kg.

Cows sold to an overall softer trend to be 10c to 20c/kg cheaper and more in some isolated sales. Heavy cows sold from 256c to 300c and the leaner cow sales made from 244c to 285c/kg. Heavy bulls of all breeds sold to a top of 290c/kg.
