

Head Stockman

Cunningham Cattle Company is a large-scale cattle operation managing 65,000hd across five Queensland stations in northern and southern Queensland.

Cunningham Cattle Company is seeking a full time Head Stockman to join the team at Abingdon Downs Station (484,000 ha). Abingdon is located 100km north of Georgetown, Queensland.

The Head Stockman we are searching for will have a passion for cattle, working in the outdoors and striving to get the best out of our people. This position plays a key role into the success of the station's performance.

This position will lead and mentor the team in the execution of efficient and safe daily work programs. The successful candidate will have exceptional skills to lead the team in a variety of tasks from working with cattle, waters, machinery, maintenance and general station duties. Leadership and strong communication is key to bringing the team along for the journey. Prior experience in a similar position and on a large scale is essential.

Quality accommodation is provided with full keep. Own vehicle and drivers licence are essential to travel to and from the Station. Q fever vaccination is required.

Please apply for this position by emailing a cover letter and resume to careers@gunnagri.com.

Positions Close – 15 December 2020.
