

Manager, Olinda Park, Dalby QLD

Olinda Park is located 45kms west of Dalby. The operation consists of 4000HA grazing and broadacre farming together with a modern 4000 SCU feedlot. The property is family owned and is an integral part of the Gibson Grazing aggregation. Olinda Park is utilised for finishing cattle bred in Western Queensland.

The suitable applicant will have:

- Practical knowledge in livestock, feedlot and broadacre farming;
- Experience in stud stock an advantage;
- Proven leadership qualities or potential;
- Must be able to work in a team environment;
- Have a high regard for workplace health and safety;
- Good communication ability;
- Competency in computers

Duties will include:

- Overseeing management of feedlot;
- Animal health and welfare management;
- Planting and managing broadacre crops;
- General machinery and property maintenance;
- Development of leucaena;
- Record keeping and reporting to management;
- Stud stock herd management;
- Staff management;
- Workplace, health and safety compliance;
- Co-ordinating livestock movements (internal and external)

The position would suit a couple or family with a salary package negotiable based on experience. It will include an attractive and large family home. Please send resume and references to jobs@gibsonpastoral.com.au. Applications close 15th January 2021.
