

Farm Manager

Cleveland Agriculture is a large privately owned business that is involved in irrigated and dryland cropping, along with grass and grain fed beef production. We are currently seeking a farm manager.

The successful applicant will be

- Highly motivated and able to show initiative.
- Able to work effectively in, as well as lead a team environment.
- Have excellent time management and organisational skills.

Skills in the following areas are required.

- Comprehensive understanding of farming systems and broadacre crop agronomy
- Operation and maintenance of farm machinery and GPS equipment
- General farm maintenance
- Farm administration and record keeping
- Chemcert accreditation
- Workplace health and safety policies and procedures
- A HC and forklift licence would be an advantage.

A competitive salary package including accommodation, work vehicle and phone is available. The position is located at Mungindi in northern NSW. This is a hands-on position and only applicants looking for permanent work need apply. You must have valid Australian work rights, be willing to undergo background screening including reference checking.

To apply send a cover letter and resume (including at least two referees) via email to:
