

Livestock Supervisor

Stanbroke is an Australian family-owned integrated beef and cattle company. Stanbroke operates a number of cattle stations in northern Queensland, backgrounding and feedlot operations in southern Queensland and a fully accredited beef processing facility in the Lockyer Valley.

Based at the Chinchilla Feedlot, we are seeking a **Livestock Supervisor** to perform a vital front line, hands-on role working with the very lifeblood of the business, our livestock and the staff who work with them. ***The Livestock Supervisor will be responsible for;***

- Actively participate in the planning and delivery of work schedules on a day to day and forecasted basis
- Utilising industry experience to foster an environment of continuous improvement
- Supervision of and participation in cattle processing throughout feedlot operational areas such as induction, hospital and exits
- Applying Low Stress Stock Handling techniques while working with livestock in yards, pens and paddocks to a standard which meets or exceeds company standards of animal welfare
- Provide training and guidance to team members and other stakeholders
- Actively participating in safety programs including but not limited to inductions, toolbox meetings, training and system development
- Assisting with maintenance and repairs to the feedlot generally i.e. fencing, cleaning vehicles & sheds.
- Providing assistance with reviewing, collating and reporting data; particularly for compliance with the NFAS and NLIS rules and standards, all cattle related data and end of month processes.

Key Attributes Required,

- A positive attitude towards managing staff and process to ensure our quality standards are met or exceeded.
- A good understanding of compliance requirements of animal welfare practices, quality assurance and workplace health & safety.
- Previous supervisory experience, feedlot environment preferred.
- Excellent cattle handling skills.
- Experience with mustering on horse and or motorbikes.
- Fencing, stock water and general property maintenance skills.
- Operate computers and applications to an intermediate level;
- An ability to record information and effectively communicate within the workplace.

An attractive remuneration package, including a well maintained house for accommodation, will be offered based on the applicant's experience.
