

Livestock Supervisor

Harmony Agriculture and Food Company (HAAFCO) is a vertically integrated grower and supplier of beef and sheep/lamb to domestic and international markets - from the grazing and feedlotting of livestock in Western Australia and Victoria, through to its domestic and international customers based in China, South East Asia and the Middle East.

“West Beef” Feedlot, a property within the Harmony Agriculture and Food Company group, is located 270 kms North East of Perth, WA. The property has a licensed 5500 head cattle feedlot and pre export quarantine.

We are currently looking for a Livestock Supervisor to join the small West Beef Team, so if you love the rural lifestyle and working with livestock then this opportunity may be for you.

The Livestock Supervisor should have a good attitude to working in a fast paced rural enterprise, good stock sense and organisational skills, and will be required to support the Feedlot Manager and Team in all aspects of the day-to-day running and management of the cattle and sheep operation for custom feeding, quarantining and backgrounding.

Responsibilities include but are not limited to;

- Managing the receival and induction procedure of livestock for designated feeding programs, custom feeding, or preparation for live export.
- Unloading, loading, scanning, drafting and weighing of livestock. All aspects of livestock husbandry and welfare including handling and veterinary treatments.
- Welfare and pen checks for maintaining good animal welfare and wellbeing, the identification and diagnosis of illness, administering treatments and communicating Livestock operations effectively to the Team.
- Carrying out required tasks for facility compliance in line with company policy and regulatory requirements.
- Ensure that livestock handling facilities are kept in a well maintained and tidy state

Skills and Experience;

- A good attitude and stock sense required.
- Able to work individually and as a Team player.
- Previous experience in working in an intensive livestock handling operation preferred but not essential
- Some knowledge of Australian regulatory standards associated with livestock and the feedlot industry, preferred but not essential.
- Basic computer skills and use of livestock data recording equipment highly regarded
- Good communication skills
- C class license minimum
- Machinery experience preferred but not essential.

Remuneration commensurate with experience and accommodation available

Applications and Closing Date:

Applications should be addressed to Livestock Supervisor and sent to: **hr@haafco.com**

All applications should provide an introductory letter addressing the selection criteria and a CV with relevant experience.

Applications close 5.00pm WST 23 February 2021.
