 Market information provided by MLA's National Livestock Reporting Service

Roma Store

report date 30/03/2021

 Yarding 2430
 Change 493

comparison date 23/03/2021

The supply of stock increased by 493 head, however still remained relatively low at 2,430 at the Roma store sale. Cattle were drawn from a wide supply area, and overall quality was mixed. Export buyer attendance was not as good as the previous week, with one major exporter absent from the buying panel. However, the regular feeder and restocker buyers were very active in the market, and light weight yearling steers and heifers returning to the paddock or background experienced price improvements. Yearling steers and heifers to feed continued to receive very strong support for the quality penned. Cows to restockers were in demand, while cows to export processors averaged 20c/kg less.

Light weight yearling steers under 200kg made to 710.2c to average 709c/kg. Yearling steers under 280kg averaged 572c and sold to 664c/kg. Yearling steers under 330kg made to 578c to average 499c/kg. Medium weight yearling steers to feed averaged 442c and made to 496.2c, with a few to restockers making to 520.2c/kg. Heavy weight yearling steers to feed averaged 415c and made to 432c/kg. Light weight yearling heifers under 200kg made to 646c to average 635c/kg. Yearling heifers under 280kg made to 636c with a large sample averaging 517c/kg. Yearling heifers under 330kg to feed or restockers averaged in the early to mid 490c/kg range with both categories reaching 506c/kg. Medium weight yearling heifers to feed made to 464c to average 413c/kg. Heavy weight yearling heifers to the trade made to 402c to average 388c/kg.

Medium weight grown steers to feed averaged 355c and made to 390c/kg. Medium weight 2 score cows returning to the paddock made to 281c to average 280c/kg. The best of the heavy weight cows to export processors made to 270c to average 267c/kg.
