

GUNN AGRI PARTNERS

Business Manager - Cropping

Gunn Agri Partners has an opportunity for a highly motivated Business Manager to join our team to establish and operate a portfolio of large scale broad acre cropping assets located in southern QLD, NSW, SA and WA. The fulltime position is based in Sydney with some travel required.

As the Business Manager, Cropping, you will be responsible for evaluating potential acquisitions, preparing financial forecasts and managing the approval, transaction execution and integration processes. The role will transition to also include commercial management of cropping operations, capital expenditure, establishing business systems and supporting managers.

To be successful in this position the candidate will have:

- A strong background in agricultural production or agribusiness, in particular broad acre cropping.
- Tertiary qualifications in agriculture, business management or horticulture is desirable but not essential.
- Experience in agricultural asset investing, financial modelling and operational management.
- Strong people management, leadership skills and project management skills.
- The ability to undertake a reasonable amount of travel within Australia and a current driver's licence.

An attractive remuneration will be negotiated with the successful candidate based on experience and qualifications. If you believe you meet the above criteria, please apply by sending a resume and cover letter addressing how your skills and experience suit this role to careers@gunnagri.com. Applications close 24 March 2021.
