

Farm Overseer

Central Highlands

We are looking for an Overseer to handle the day to day operations of a dry cattle fattening operation. You will be assisted by the owners who do not currently live on site, but who are in semi-close proximity and available to assist with all large projects and undertakings.

Essential criteria

1. A willingness to participate in operational decision-making process and take responsibility and ownership of task and outcome.
2. A basic understanding / willing to learn computer-based grazing / livestock recording systems.
3. Low stress stock handling skills and willingness to employ.
4. Ability to keep daily accurate work/ activity records both written and electronically.
5. Experience or understanding of electric fence systems.
6. Ability to work unsupervised.
7. Valid Driver Licence
8. Ability to pass a police check
9. Partner that will reside at the location due to OH&S

Desired criteria

1. Knowledge or willingness to learn Cell Grazing operations
2. Basic farming experience, Lucaena planting and management experience highly valued.

What we can offer

1. Comfortable 4-bedroom house with electricity supplied.
2. Bitumen road access.
3. Some part time work for partner.
4. School bus from entrance to Grade 10.
5. Ongoing Professional development opportunities.
