

Detailed Saleyard Report - Cattle
Market information provided by MLA's National Livestock Reporting Service

Wagga

report date 28/06/2021

Yarding 2147
Change -553

comparison date 21/06/2021

Wet weather impacted on supply with numbers declining and heavy cattle numbers slipping back notably. Secondary cattle made up the bulk of the yarding with a few more crossbred and manufacturing types offered. The market in general was somewhat erratic before firming towards the end of the sale. Not all the regular export buyers were in attendance, however the usual contingent of domestic and feedlot buyers operated along with some restocker competition.

In the trade market, steers were limited and made from 454c to 495c, averaging 475c/kg. Trade heifers sold to significantly stronger competition benefiting from robust processor demand and improved 35c, making from 420c to 512c/kg. Bidding for medium weight feeder steers was erratic with the well-bred portion selling from 480c to 522c/kg. Feeder heifers weighing 330 to 400kg, gained 22c and recorded a top price of 530c/kg. In contrast, the medium weight feeder heifers slipped 11c to average 447c/kg. Not all processors operated in the export run and heavy steers and bullocks sold to weaker competition from all processors and feedlots. Prices for C3 steers fell 25c to average 420c, while heavy steers to feed sold 19c cheaper, averaging 450c/kg. Heavy bullocks were limited and prices were unchanged making from 396c to 430c/kg.

In the cow market not all processors operated. Heavy well-finished cows sold from 300c to 352c/kg. Cows PTIC made from \$2,059 to \$2,643/head.

Market Reporter, Leann Dax.
