

Feedlot Allrounder

Our privately owned Feedlot and farm are looking for an enthusiastic and hard working member to join our small team, 25 minutes from the major town of Warwick QLD. Our core business is feedlotting and back grounding, with an emphasis on professionalism, animal welfare and supplying consistent products into the domestic and export markets.

The full time position allows and encourages you to understand and experience the entire process of operating a feedlot including feed management and the use of feedlot computer programs.

Your main focus will be on livestock management including pen riding, welfare and animal health. Your responsibility is to work safely, show initiative, attention to detail and a willingness to learn. Our team provides considerable feedlot experience and expertise, which should benefit your personal development and job satisfaction.

Previous livestock experience will be highly regarded with competent horses for the job. This is a 10-4 roster, and some local accommodation is available. Current drivers license and transport is important and we offer competitive remuneration and development.

Please send a resume and two references to office@bfeeders.com.au or phone Loren Schwartz on [0428549212](tel:0428549212) for enquiries.
