

LIVESTOCK MANAGER – WALLUMBA FEEDLOT

Family owned and operated MDH Pty Ltd is now recruiting a Livestock Manager for its 13,000 scu feedlot situated near Condamine QLD.

Responsibilities include, but not limited to

- Reporting to Operations Manager
- Good communication skills
- Staff management
- Pen riding, health monitoring, disease diagnosis and treatment.
- Processing stock for intake and sale
- Water quality and management
- Computer record keeping (Stock Aid FY & 3000)
- Feedlot mill operation, maintenance and flaked grain production
- Ration mixing and delivery (including truck-loader operation)
- Feed Allocation, management of cattle feeding system
- Pen cleaning, manure management and feedlot maintenance
- Quality control and safety
- Feedlot Quality Assurance programs

We are seeking someone with at least 3 years exp. in Lotfeeding, with their own horses and tack. A previous Management or Supervisory role in this industry is an advantage. The successful applicant will be a practical, self-motivated person who is dedicated, but has the ability to work as a team and takes pride in both their work and themselves. This is an exciting and rewarding position for the right person with a competitive remuneration.
