

Livestock Leading Hand

Stanbroke is a family-owned, integrated Australian beef business, operating a number of cattle properties in Northern Queensland, backgrounding operations in Southern Queensland, a state of the art cattle feedlot in Chinchilla as well as a fully accredited beef processing facility.

Due to recent promotions, we are actively seeking a **Livestock Leading Hand** to perform a vital front line, hands-on role working with the very lifeblood of the business, our livestock and the staff who work with them. Our Leading Hands are responsible for performing the daily handling and husbandry of all cattle onsite including cattle movements in, around and out of the feedlot and on back grounding properties located within the vicinity of the feedlot.

Such functions include inducting cattle, monitoring animal health and wellbeing, tending to sick and/or injured animals, administering medications and vaccinations, ensuring animals are identified by visual and NLIS tags and other such duties.

Key Attributes Required,

- Minimum 2 years' experience working in livestock roles within the feedlot industry.
- A good understanding of compliance requirements of animal welfare practices, quality assurance and workplace health & safety.
- A positive attitude towards continuous improvement, to ensure our quality standards are met or exceeded.
- Ability to work in teams whilst assisting foster a positive culture.
- Excellent cattle handling skills, utilising low stress stock handling techniques.
- Experience with mustering on horse and or motorbikes.
- Fencing, stock water and general property maintenance skills.
- Operate computers and programs to an intermediate level;
- An ability to record information and effectively communicate within the workplace.

This role will be rostered 10 days on and 4 days off. On-site accommodation available.
