

ASSET ANALYST – FARMLAND (Northern Region)

- Entry level position with an Agricultural Asset Management Company.
- Requires strong financial, analytical, presentation and interpersonal skills.
- Professional development opportunity in asset and relationship management.
- Location (flexible): somewhere in Southern QLD or Northern NSW.

Westchester Group of Australia (WGA) manages the investment and asset management activities in Australia for its US based parent company (which is owned by TIAA). TIAA is one of the largest global institutional investors in Agriculture, with a portfolio of over 500 assets in North America, South America, Europe, Australia and New Zealand.

As a member of the Asset Management team this position will provide portfolio management, financial reporting and analytical support to an existing team of regionally based asset managers responsible for managing and expanding a portfolio of farmland assets across Northern NSW and Queensland. Responsibilities will include asset management, capital investment, WHS compliance, ESG initiatives, financial and investment analytics, valuation reporting, commodity marketing, farm mapping and maintenance of farm data and records.

This position will require someone with (a) strong financial and analytical skills, (b) an understanding of and experience in the agricultural sector, and (c) a desire to build their career in agricultural asset management. Relevant tertiary qualifications would be expected as a minimum and experience in spatial mapping, property valuation, or project management would be viewed advantageously.

This position could suit someone with between 3 to 6 years professional work experience in agronomy, banking, agribusiness, valuation, investment analysis or similar. The successful candidate will be required to work from home by providing desktop support, occasionally travel (in Qld and NSW), be able to communicate effectively (both written and verbal) and be able to work autonomously.

If you have an interest in this role and would like to be part of a long-term global growth story in agricultural asset management, then please forward your CV and a letter of application to:
