

Believe in the Breed

TECHNICAL ASSISTANT

Bar H Grazing is a Wagyu producing operation. We are committed to supplying high quality feeders, replacement females and seed-stock bulls.

Our small team of passionate people have a focus on innovation, sustainability, adaptability, and the next generation. We are proud to be 'Bar H Grazing'. www.barhgrazing.com.au

If you have a genuine interest in innovative agriculture, you are self-motivated, enthusiastic, and looking for a position where you can grow analytically and professionally with a focus on cattle production and data recording, then this position is for you.

The full-time position of 'Technical Assistant' will focus on crush-side data collection, assisting in the maintenance of all cattle related records and analysing existing data.

Remuneration and accommodation to be discussed.
