

Non- Executive Directors

Animal Health Australia is looking to appoint three (3) Non-Executive Directors to its Board.

Animal Health Australia (AHA) is the trusted and independent national animal health body in Australia, bringing together government and industry, to deliver animal health and biosecurity. Together with its members, AHA is working for a national biosecurity system that provides every opportunity for Australian agriculture to succeed at home and overseas.

The AHA Board is skills based. Its primary role is to set and monitor the implementation of the company's strategic direction, establishing and monitoring the achievement of goals by management.

Skills sought

Candidates with extensive skills and experience in any of the following areas are encouraged to apply:

- Knowledge of and expertise in the intensive or extensive livestock production sector.
- Expertise in the processing marketing sector, with a strong understanding of major export markets for livestock and their products.
- Expertise in quality management approaches to animal health.
- Expertise and technical qualifications in the delivery of animal health services.

To compliment the above, candidates with skills and experience in biosecurity, strategic advocacy, and substantial networks and connections across the agriculture sector and governments are encouraged to apply.

All candidates must have a genuine interest in, and a broad understanding of, the Australian agriculture industry, strong business acumen supported by demonstrable strategic ability, financial management expertise, a sound understanding of good governance and well-developed communication skills.

Animal Health Australia respects and promotes equality and diversity to reflect its sector and key stakeholders.

For further information on AHA and to receive an information pack, please email tracie@carnovalerecruitment.com

For a confidential discussion, please call Tracie Carnovale on 0404 979 206.

Applications close at 9.00am on Monday 15 August 2022.
