

MAINTENANCE MANAGER – JOB ADVERT

With a commitment to quality spanning over 63 years, Stockyard produces high quality grain fed Wagyu and Angus beef and has embraced innovation to deliver Australia's finest grain-fed beef. Stockyard's Kerwee feedlot is a 20,200 head modern cattle facility located at Jondaryan, Queensland

An opportunity has become available for a Maintenance Manager to lead our close-knit maintenance team. This maintenance team runs a tight ship at Kerwee Feedlot to ensure its constantly in its best shape and running smoothly. Their hard work is part of the reason we've been recognised as ALFA's feedlot of the year 2 times in a row.

What you'll be doing

Reporting directly to the Feedlot Manager and working closely with our Feeding, Milling and Livestock teams.

The Maintenance Manager will:

- Lead a small and dynamic maintenance team responsible for maintaining our award-winning facility, plant, and equipment.
- Create, plan & implement a preventative maintenance schedule/strategy of all fixed and mobile plant.
- Manage all maintenance processes and operations relating to our Environment Management procedures across the feedlot which include, pen surface/conditions, water supply and service as well as feedlot infrastructure such as bunks, yards, fences, and buildings.
- Ensure that all maintenance operations are completed in accordance with company policy and procedure.
- Track expenses and oversee the budget for maintenance as well as assist in the annual budgeting and capital expenditure preparation.
- Manage inventory from forecasting through to use, as well as stocktake and reporting requirements.
- Manage all data for maintenance activities, including the use of AMPRO fleet management software and other reporting requirements.
- Ensure all personnel are trained in practical and safe operational procedures within the maintenance department.
- Engage and oversee all contractor works relating to maintenance activities, ensuring adherence to company protocols including WH&S and insurance requirements.

Address: 236 Jondaryan-Evanslea Road, Jondaryan, QLD, 4403 - Australia

About you:

The successful candidate for this role should show the following attributes:

- Leadership & governance ability
- Problem solving, planning and organisational skills.
- Attention to detail and time management.
- Advanced communication and relationship building skills.
- Experience within a similar work environment would be highly regarded (however not essential)
- A high level of WHS understanding regarding maintenance activities.

What's in it for you

In this role you will have access to benefits such as:

- A competitive salary package based on experience.
- Access to an Employee Assistance Program offering professional counselling service that can work with you on issues that are affecting you personally or professionally.
- Employee discounts on Australia's most awarded branded beef
- On-demand wages to access your pay ahead of our scheduled fortnightly payday
- Investment in professional development
- Huge role diversity in terms of scope, execution and future stretch opportunities including avenues to explore other areas of the business.

Please send your applications to recruitment@stockyardbeef.com.au. Applications close on 19 February 2023 but we will interview shortlisted candidates sooner so don't wait to apply.
