

## **Farm Manager – Central West NSW**

### **THE CLIENT**

Our client is a privately-owned large-scale pastoral operation with multiple aggregations across the Central Tablelands of NSW. The aggregation allied to this role is 3,000 ha mixed-livestock operation. The property runs 3,000-head Angus cows, a 3,000 Dorset and composite ewes for prime lamb production and trades over 1000 head of cattle annually.

### **THE ROLE**

The Farm Manager is primarily responsible for maximising the continued growth and profitability of all enterprises as well as day-to-day operations of a large rural property. You will have the opportunity to develop the property in a way, which is environmentally sensitive, enhancing its capital value and be flexible to make operational changes where the market, industry and climate require.

The Farm Manager is expected to provide leadership and direction to staff and contractors. You will select, supervise, and manage the performance of all staff in a respectful manner, that ensures HR best practice is promoted across the organisation.

### **THE REQUIREMENTS**

- Experience in cattle and lamb production, dryland cropping and pasture production;
- Minimum five years' experience in supervisory and/or management role;
- Knowledge of modern agricultural through completion of formal qualifications;
- Computer skills, Microsoft Office – Word, Excel and Outlook.

### **LOCATION**

This is a genuinely unique opportunity to manage an outstanding property as well as have a real ability to drive the performance of the business. It is well positioned in relation to local schools, within travelling distance to high schools in Bathurst NSW and close to town. Based near Oberon – Central West NSW.
