

General Manager

As the General Manager of the Camm Agricultural Group, you will oversee all aspects of our livestock, feedlot and farming operations, lead a high-performing team, ensure efficient operations, maintain quality standards, and drive business growth. With a strong understanding of the industry and exceptional leadership skills, you will contribute to the ongoing success and growth of the Camm Agricultural Group.

Key Responsibilities

- Oversee our grazing, farming and feedlot operations.
- Develop and implement strategies to drive business growth and profitability.
- Monitoring and driving incremental operational improvements and maintain quality standards.
- Lead and manage a high-performing team, fostering a culture of teamwork, accountability, and integrity.
- Leadership of the herd genetic improvement program.
- Support the CEO with business development projects.
- Assist in delivering the annual strategic and operating plans for the organisation.

Skills & Experience

- Proven experience in a senior management role within the feedlot, grazing and farming industry.
- Strong understanding of developing industry trends and best practice.
- Excellent communication and interpersonal skills, with the ability to build strong relationships with key stakeholders.
- Proven experience in implementing a KPI monitoring program.
- A strong focus on innovation, efficiency, and continuous improvement.

This is an excellent opportunity to join a company that values its employees and is committed to its vision 'Growing more for Tomorrow'. You will be part of a supportive and rewarding work environment, where you can make a real impact and contribute to the ongoing success of the organisation.
