

Feedlot Manager – BURRA – South Australia

An exciting opportunity has arisen for a Feedlot Manager to join the Princess Royal Group. Located in Burra, 2 hours north of Adelaide, the 13,500 SCU feedlot is the centrepiece of a diverse farming group incorporating low stress, purpose-built cattle handling facilities, grain processing and storage facilities, broadacre farming, freight, and maintenance divisions.

The Feedlot Manager is responsible for all aspects of the Princess Royal Feedlot operation, including cattle handling, feeding, milling, administration, and maintenance. The manager will be hands on and take ownership and accountability to operate a profitable feedlot with support from our other divisions and their dedicated personnel.

The ideal applicant will have prior experience, with the expertise that can complement and grow the existing operation ensuring long term success.

The successful applicant will have:

- Demonstrated experience in all aspects of beef cattle feedlot operations,
 - High level communication and people skills,
 - Effective problem solving,
 - A positive can-do attitude,
- An appreciation for data, quality, livestock health and compliance
 - Good mechanical knowledge

An attractive package is on offer in line with experience to join a large family run icon of South Australia's mid north. Burra is a historic town close to wine regions such as the Clare and Barossa Valleys, close to a major capital city, and the Flinders Rangers a short trip away.

Please forward applications including a resume and cover letter to the Human Resources Manager at HR@princessroyal.com.au
