

# HANCOCK AGRICULTURE

## Production Coordinator | Brisbane, QLD

Are you a detail-oriented and organised individual with a passion for optimising production processes and ensuring top-notch product quality? If you thrive in a fast-paced environment and possess exceptional coordination and problem-solving skills, we have an exciting opportunity for you to join our team as a Production Coordinator!

### About Hancock Agriculture

Hancock Agriculture is a renowned agricultural company, encompassing Hancock Pastoral, Wagyu Operations, and S. Kidman & Co. Pty Ltd. With a rich history in agriculture, we manage over 18 properties across Australia, covering a vast land area of 3.49 million hectares. As one of the country's largest producers of Wagyu and commercial cattle, we maintain a herd of over 150,000.

As a vertically integrated farming operation, we oversee every step of the process, from breeding and backgrounding to grain feeding and sales of the finished product. This approach ensures the highest standards of animal husbandry, traceability, and quality assurance. At Hancock Agriculture, we are proud to offer our team members the unique opportunity to be part of an organisation that upholds these exceptional standards.

### Key Responsibilities

- Coordinating and organising production plans according to sales plans, ensuring smooth and efficient operations.
- Overseeing all aspects of boxed beef supply chain productions, guaranteeing adherence to the highest standards of quality, including attending all productions.
- Ensuring accurate reconciliation of all productions to ensure piece count accuracy
- Review and analysing yield performance of each production, actively seeking opportunities for improved efficiency and cost-effectiveness.
- Responsible for product specification maintenance:
  - Creating specifications
  - Standardising specifications where possible
  - Maximising production efficiency
  - Monitoring carcass grading
  - Optimising boning room yield
  - Maintaining consistency
  - Managing data capture and accessibility
- Ensuring compliance in Quality Assurance Management

### Skills and Experience

- Extensive knowledge of the Australian meat industry preferably with Beef.
- Ability to identify and assess primal and portion cuts to a specification
- Operations and production coordination experience.
- Strong communication skills and ability to effectively manage multiple supply chain relationships at a high level.
- High-level proficiency in the Microsoft Office suite and data reporting/management
- Demonstrated analytical and problem-solving skills, with strong attention to detail, along with excellent written and verbal communication skills
- Ability to develop positive and professional working relationships with colleagues and key stakeholders
- Strong work ethic and initiative, demonstrating the ability to prioritise and manage own workload whilst meeting deadlines.

**If you are a proactive and results-oriented individual with a passion for optimising production processes and ensuring product quality, we invite you to apply for the Production Coordinator position. Help us deliver exceptional products to our customers while driving continuous improvement in our production practices.**
