

FEEDLOT & FARMING MANAGER

Roma Feedlot & Spelling Yards

McIntyre Agriculture Pty Ltd is a family owned, integrated agribusiness based in Southwest Queensland.

The company's operations include cattle breeding and backgrounding properties in St George, Roma & Quilpie districts with feedlots at St George and Roma. Commodities are grown on irrigated and dryland farming country around St George and Roma.

Roma Feedlot & Spelling Yards is situated 40kms southwest of Roma in the Mt Abundance district. We are seeking to appoint a Feedlot and Farming Manager and are looking for experienced and motivated person to join our team.

The role is responsible for the daily operations of the Feedlot, supervising Feedlot employees and Farming contractors. The Manager reports directly to the Chief Operations Officer.

Essential requirements for the position:

- Experience in managing a medium scale Feedlot and farming activities.
- All aspects of cattle nutrition, feeding and handling from induction of new cattle to dispatch of finished cattle.
- Implementation of relevant WH&S, animal welfare and quality assurance requirements.
- All aspects of animal health management from pen riding and treatments through to post-mortems.
- Experience with Feed mill operations.
- Inventory control and stocktaking of all livestock products.
- Record keeping for feedlot & farming activities.
- Management and development of feedlot staff.
- Liaising with Agronomists and managing Farming contractors.

Remuneration

- A competitive salary package including comfortable housing and a work vehicle will be negotiated commensurate with experience.
