

Feedlot Manager

Woodward Foods Australia (WFA) is a family-owned business with a multi species export abattoir located in Swan Hill complete with meat distribution centres based in Sydney, Brisbane and Adelaide. WFA pride themselves on being one of the few fully integrated meat businesses in Australia having a feedlot and grain storage facility located within proximity to the meat processing plant supplying quality meat products Australia wide and Export markets.

The 5000 head licensed feedlot is located in NSW on the mighty Murray River just outside Swan Hill and has recently commissioned a new state of the art feed mill complex.

Responsibilities will include but are not limited to:

- Managing the daily feedlot and livestock operations
- Manage the animal health, treatment, heat loading & general stock welfare
- Ensure best practice operations of the feedlot to optimise feeding parameters
- Oversee feed mill operations & liaise with the company nutritionist to ensure the correct stock feed rations are being implemented
- Manage feedlot and appropriate safety standards and relations with employees, suppliers and customers
- Ensure that the companies NFAS, EU and EPA documentation is maintained
- Report weekly and monthly feedlot performance
- Ensure that all health and safety standards are adhered to, including WHS policies and procedures
- Ensure security of all assets including land, livestock produce and inventories
- Ensure efficient and productive personnel management assessment including training & SOP's of staff is undertaken
- Safe and appropriate management of all employees
- Ensure Environmental Monitoring Program & compliance is maintained
- Managing and overseeing all required documentation
- Ensure StockAid & FY3000 programs are maintained and up to date
- Ensure all equipment and infrastructure is maintained and in a safe working condition

Selection Criteria:

- Prior experience in feedlot management
- Possess strong communication skills with staff, contractors and senior management
- Experience in using industry management and record keeping programs
- Strong time management & problem-solving skills with the ability to lead by example
- A proven commitment to adherence of all regulatory requirements including WHS and relevant animal welfare standards
-

To apply for this outstanding opportunity, please send application outlining skill & experience to Robbie Woodward, Robbie@beef.com.au
