

Bonney Downs Station is a family-owned property located 150 klms North of Newman and about 1320 klms North of Perth in Western Australia.

An exciting opportunity is available for a hands-on experienced manager to join our team to improve our highly productive herd before heading down South to a feedlot.

The manager will have a sound understanding of large-scale agricultural enterprises and is responsible for all the general day to day operation of the properties. The stations have Droughtmaster, Santa Gertrudis and Brangus cattle that suit our Southern operations. There are around 10-12 staff members from handyman/gardener, bore runners and senior staff.

Bonney Downs also does accommodation for mining companies that is run separately from the cattle operation. There is a qualified chef and backup staff that cater for this part of the business. The manager's partner has the opportunity for a position in admin and hospitality

The manager will have communitive leadership and strong mentoring capabilities, encouraging teamwork and collaboration.

The Role will include.

- Organizing mustering with helicopters, motorbikes and vehicles
- Organize company road trains and drivers
- Employing staff, stockmen, bore runners and handyman
- Cattle husbandry, including marking, drenching and weaning
- Ensure animal health and welfare
- Ensure maintenance schedules of machinery and infrastructure
- Manage staff and rostering
- Ensure OH&S?WHS policies and procedures are adhered to across all properties
- Liaising with contractors

The Offer

The position includes

- An attractive salary with 4 weeks annual leave plus superannuation
- A heritage listed house with other housing accommodation set in beautiful gardens and a below ground swimming pool.
- Meals presented by qualified chefs
- Vehicle supplied
