

GENERAL MANAGER - INDONESIAN ASSETS

The General Manager – Indonesian Assets will manage the operational and commercial aspects of the Indonesian Livestock Operations (ILO) business and other commercial arrangements within Indonesia.

The key elements of the role are the co-ordination and management of livestock from animal performance and welfare and the development and management of marketing programs to maximise the profits in ILO. This role will require regular travel between other AAM sites and Indonesia.

KEY RESPONSIBILITIES

- Plan and manage activities that maximise the performance and value of livestock
- Lead and mentor the team to achieve high performance in animal welfare, biosecurity, and environmental outcomes in accordance with company policies.
- Manage and monitor all ESCAS requirements for AAM Animals in association with live export companies.
- Develop and execute operational business plans, aligned with approved budgets and forecasts, to drive success and profitability.
- Monitor and report on key performance indicators, including financial performance, livestock outcomes, and supply chain efficiency.
- Identify new business opportunities through community engagement and market analysis, building positive relationships with third parties.
- Ensure site maintenance and documentation are managed effectively through the Mex software system, maintaining high operational standards.
- Build and maintain a broad network of contacts in Australian and Indonesia and assist staff with cultural awareness of Indonesian customs
- Promote a positive working culture, fostering teamwork, integrity, and continuous professional development within the team.
- Ensure compliance with the Safety Management System and related safety policies in all management decisions.
- Regular travel to Indonesia to assess performance from feedyard to sale will be required on a need's basis.

IDEALLY YOU WILL HAVE

- Minimum of 5 years working in the Agriculture Industry;
- Experience working in a remote environment dealing with challenges related to a remote business;
- Excellent communication;
- Demonstrated skill and experience in leading and managing people including conflict resolution;
- Ability to develop and maintain strategic relationships with all stakeholders;
- Strong commercial acumen and drive to maximise profit;
- Extensive work history and demonstrated ability to work in a multidisciplinary and diverse team;
- Excellent attention to detail and demonstrated ability to plan, prioritise and organise work demands and meet tight deadlines;
- Demonstrated ability in record keeping and technology use, including proficiency in the use of Microsoft suite;
- Competent problem-solving qualities
- This role requires the incumbent to have been or be prepared to be vaccinated against tetanus, hepatitis and Q fever.
