

Experienced Livestock Hands

About Condabri Beef

Condabri Beef (Drury Farming Company Pty Ltd) is a family-owned and operated company grounded in strong cultural values. We are an integrated agribusiness encompassing Feedlot, Backgrounding, Logistics, and Farming enterprises, committed to sustainable and ethical practices. Our operations are located 18 km from Miles and 25 km from Condamine, providing a strategic rural location within the region.

Purpose

With the completion of our newly expanded, industry-leading facility, Condabri Beef is expanding its 35,000-head feedlot operations livestock team and seeking experienced, motivated livestock hands to join our growing team. We're looking for proactive and positive individuals who are passionate about cattle, eager to learn, and excited to contribute to a thriving, family-owned organisation.

Key Responsibilities but not limited to:

- Perform daily livestock and pen movements using low-stress stock handling techniques
- Conduct daily pen riding and provide hospital treatment to cattle as needed
- Monitor and maintain the health of cattle and horses in the feedlot, adhering to QA standards and company procedures
- Manage induction and drafting of all livestock, ensuring data accuracy, quality, and animal welfare
- Oversee the arrival and dispatch of livestock
- Maintain effective daily communication and coordination with the Feedmill, Maintenance, Office, and Logistics teams

Ideal Skillset

The following skills and attributes are **essential** for this role:

- Availability to work a 10/4 roster (10 days on, 4 days off)
- A current driver's licence and reliable transport
- Ownership of two suitable working horses, fully vaccinated for Hendra
- Solid horsemanship background with proven, hands-on experience in handling, training, and caring for horses
- Demonstrated livestock handling skills and sound knowledge of animal behaviour in a feedlot environment
- Physically fit and capable of performing manual handling and other physically demanding tasks

Additional desirable skills and attributes:

- Ability to work effectively in a diverse team environment
- Experience using Elynx programs, including StockAid and FY3000 (an advantage)
- Strong commitment to safety, animal welfare, and biosecurity protocols

**What we offer**

- Supportive team culture with experienced mentors
- Work-life balance focus with structured rosters
- Formal qualifications or certificates provided (e.g. animal handling, biosecurity, WHS with ALFA Feedlot TECH)
- On-the-job training and career development plans
- Pathway to leadership roles for high performers

We'd love to hear from you! To join our close-knit Condabri family, please send your resume, cover letter, and references to **jobs@condabri.com.au**. If you have any questions or want to learn more, don't hesitate to reach out!
