

Assistant Manager

DIVISION:	Hewitt Agribusiness
LOCATION:	Ambalindum, Northern Territory
REPORTS TO:	Station Management

Join Hewitt Agribusiness – the leaders in Organic rangeland production

This opportunity to join team Hewitt in the role of Assistant Manager is perfect for an individual seeking a career in a challenging yet rewarding environment, working amongst a highly professional, industry leading team. The role will be based at our Ambalindum Aggregation. This aggregation spans across 1.8 million acres and includes Ambalindum Station and Numery Station. The Aggregation is nestled within the east MacDonnell Ranges, known for reliable rainfall, high-quality rangelands and spectacular scenery.

The successful applicant will:

- Possess strong organisational skills and attention to detail, leveraging your industry skills and knowledge.
- Demonstrate effective leadership skills and an ability to lead a large team in co-operation with the Station Manager.
- Exceptional communication skills, working cohesively alongside the Station Manager to implement a work plan including livestock movements, pasture management and CAPEX development programs.
- Take responsibility for the day to day activities across the aggregation.
- Ensure all work is performed in accordance to Work Health and Safety policies, procedures and legislation.
- Have a strong work ethic and flexibility to adapt to rapidly changing priorities.
- Exhibit a high standard of personal presentation.

What can you expect day-to-day? Some key responsibilities

- Support a positive and healthy safety culture.
- Lead and coordinate daily work routines.
- Train, mentor, and guide station staff, promoting a collaborative and high-performing team environment.
- Ensure the welfare of the herd by utilising your animal husbandry skills.
- Supervise property maintenance, including fencing, water systems, and other infrastructure.
- Operate and maintain station vehicles, machinery, and equipment to ensure their optimal function.
- Responsible for keeping update to records.
- Facilitate team meetings.
