

Machinery Operator & Farm Labourer

 Springdale, Maryland – 20 mins from Stanthorpe, QLD

 Full-Time or Part-Time (Semi-Retired Welcome) | Competitive Package | Flexible Work Options

Glenisa Cattle Co is seeking a motivated and skilled Machinery Operator & Farm Labourer to join our friendly and professional team based at “Springdale”, our property at Maryland, just 20 minutes’ drive from Stanthorpe in Southern Queensland’s picturesque Granite Belt Region.

This role offers an excellent lifestyle balance — enjoy working in a supportive, progressive agricultural enterprise while living in a vibrant regional community known for its fresh produce, wineries, and stunning landscapes.

About the Role

Working across our stud Angus and reproduction operations, you’ll be responsible for the efficient operation of a range of farm machinery and assisting with general farm and infrastructure maintenance.

This position is full-time, however part-time or flexible work arrangements will be considered for semi-retired applicants or those seeking varied hours to suit seasonal demand.

Key Responsibilities

- Operate tractors, tractor-drawn attachments, and plant (including Cat Loader).
- Undertake land development and timber clearing.
- Set up and operate irrigation systems.
- Apply fertilisers, herbicides, and pesticides as part of farm programs.
- Assist with repairs and maintenance of vehicles, machinery, and infrastructure.
- Carry out livestock fencing, weed control, and general property maintenance.
- Complete daily pre-start checks and maintain accurate operational records.
- Contribute to safe work practices and uphold high standards of property presentation.

Skills & Experience

- Minimum 2 years’ tractor and broadacre machinery operating experience.
- Competent with land development and timber clearing.
- Mechanically minded with good troubleshooting ability.

- Comfortable using modern technology (e.g. smartphones, digital recording).
- Current Driver's Licence (HR Truck Licence advantageous).
- ChemCert accreditation desirable but not essential.
- Strong work ethic, reliability, and ability to work both independently and within a team.
- Understanding of farm safety and OHS requirements.
- Willingness to work flexible hours during peak periods.

About Glenisa Cattle Co

Glenisa Cattle Co is a family-based, professional cattle business with a focus on stud Angus production and advanced reproduction services. We're industry leaders in cattle breeding and reproduction technologies, operating modern, well-maintained machinery and infrastructure. Our team culture is friendly, collaborative, and results-focused.

What We Offer

- Competitive remuneration based on experience.
- Modern equipment and well-maintained facilities.
- Opportunity to work with a progressive, well-regarded cattle enterprise.
- Supportive team environment with scope for skill development.
- Lifestyle benefits of living close to Stanthorpe — a vibrant regional centre with quality schools, amenities, and a strong community.
