

# **Farm Manager – Business & Operations Leader**

## **Berrembed Station | Riverina NSW**

Berrembed Station is a progressive 5,100ha mixed farming enterprise located 30km from Narrandera and 65km from Wagga Wagga, with significant frontage to the Murrumbidgee River.

The livestock enterprise includes:

- 1,000 Angus breeding cows
- 1,000 Merino ewes joined to terminal sires
- Seasonal trading programs of lambs and steers

The business operates a flexible production model to optimise feed utilisation and market opportunities. Significant recent investment has been made in water infrastructure, fencing, and pasture development to support long-term expansion.

## **The Role**

This is a senior leadership role combining operational oversight with business management responsibility.

Working closely with the Directors, you will be accountable for:

- Livestock operations and seasonal programs
- Budget preparation and financial performance
- Improving productivity, gross margins and return on capital
- Staff leadership and contractor coordination
- Infrastructure, machinery and asset management
- WHS compliance and risk management

## **About You**

You are a commercially minded livestock manager who understands both production and profit.

You will demonstrate:

- Proven experience managing cattle and sheep enterprises
- Strong pasture and grazing management capability
- Financial literacy and budgeting experience
- Clear communication and leadership skills
- High-level practical ability and commitment to safety

## **Package**

- Competitive salary (negotiated based on experience)
- Work vehicle, phone and computer
- Comfortable 3-bedroom air-conditioned home
- Full-time permanent position

This role suits a motivated operator seeking long-term responsibility and genuine business involvement.
