

WARMOLL
FARMING

Warmoll Farming, part of the Jack's Creek Group, has an exciting opportunity for a suitably qualified Technical Assistant to join our team on a full-time basis. Based at our Breeza operation, this role will provide technical and operational support across the cattle side of our business.

Warmoll Farming is a family-owned and operated mixed cropping and cattle enterprise located on the Liverpool Plains at Breeza, NSW, and forms part of the broader Jack's Creek Group. Together, the group is committed to excellence in livestock production, innovation, and sustainable agricultural practices.

As a Technical Assistant, you will play an important role within the Warmoll Farming team, working closely with the Background Operations Manager, Livestock Supervisor, and Background Operations Coordinator to support the day-to-day management of our cattle operations. You will also work collaboratively with the broader Jack's Creek Group team, including colleagues based at the Head Office in Tamworth.

This is an excellent opportunity for a motivated individual looking to develop their career within a progressive, well-established, and highly regarded agricultural business, with the support and opportunities of being part of the Jack's Creek Group.

The roles general duties consist of (but not limited to):

- Maintain accurate livestock records
- Update software systems; Livestock Management (Stockbooks) & Feed Management (BeefTracker)
- Track, record and upload to Integrity Systems; livestock movements, deaths and tag replacements
- Assist, coordinate, record and reconcile monthly vet inventory and supplies, chemical and commodity stocktakes
- Assist in month-end reporting
- Record (as per LPQA) and order vet inventory and supplies
- Update documentation as required by LPA programs
- Assist in Livestock scheduling and performance monitoring
- Update and complete training documentation
- Act as primary liaison between Jack's Creek accounts team and farm
- Provide administrative support to Background Operations Manager, Livestock Supervisor and Background Operations Coordinator
- Undertake station hand duties as required by Background Operations Manager, Livestock Supervisor and Background Operations Coordinator

The successful applicant will have:

- Excellent communication skills, written and verbal
- Advanced computer skills (Office, Excel, Word)
- Experience using Stockbook and BeefTracker or similar Livestock Management & Feed Management software is advantageous
- LPA training modules
- Effective time management and organisation skills
- Ability to problem solve and make decisions
- Strong attention to detail • Ability to work autonomously and in a team
- Self-motivated with a proactive and optimistic approach

Requirements:

- Bachelor in agricultural science or similar qualification or relevant experience
- First Aid Certificate (or willingness to obtain one)
- Chemical Certificate (or willingness to obtain one)
- Driver's licence and willingness to provide a driver history
- Be prepared to undergo a criminal background check
