

POSITION VACANT

FARM MANAGER

Plasvacc is an Australian veterinary pharmaceutical company specialising in the manufacture and distribution of high-quality plasma products used to supplement the immune system in animals. Our production facility is located in the Scenic Rim at Kalbar, South East Queensland.

We are seeking an experienced, reliable and motivated **Full-Time Farm Manager** to oversee the day-to-day operations of our farm. The successful candidate will be responsible for managing daily farm operations and activities, maintaining equipment, and ensuring the farm operates efficiently, safely and productively.

A significant part of the role will involve operating modern plant and equipment for silage and hay production, as well as pasture establishment and management.

Applicants must be available to work from Monday to Friday, with occasional weekend work as required.

To be considered for this position, applicants should possess some or all of the following skills and experience:

- A strong respect for farm machinery and equipment
- Mechanical knowledge and a practical understanding of farm equipment
- Experience in livestock management including animal care and wellbeing
- Horsemanship skills
- Experience in low-stress cattle handling techniques
- Competence in routine farm and general maintenance, including fencing, trough cleaning and general farm duties
- Computer skills including livestock and equipment record keeping (e.g. CattleMax)
- Excellent communication and organisational skills
- A good level of physical fitness and the ability to undertake manual work
- The ability to work effectively in various weather conditions
- Hold a current truck and manual driver's licence

As our business regularly welcomes many international visitors, maintaining a neat and professional appearance is important. The successful candidate will be expected to present themselves professionally and adhere to company policies, helping create a welcoming environment and uphold the high standards of our organisation.

Plasvacc are committed to the ongoing development of our staff through both formally and on-the-job training. We provide a safe, supportive and positive workplace. A competitive salary commensurate with experience, expertise and skills of the successful candidate.
